# **ELDORADO ASTROMAT IC** INTERIOR CLEANER

**ELDORADO ASTROMAT IC** is a water-based, liquid, concentrated cleaner, used for cleaning cabin and baggage areas of aircraft interiors. It is particularly effective for cleaning windows and mirrors.

### PROPERTIES

1. Concentrated, powerful cleaner.
2. Safe on Plexiglas™, paint, and electrical insulation.
3. Nonflammable; no vapor toxicity.
4. Safe on aluminum, magnesium, ferrous alloys, and high-strength steel.
5. Biodegradable
6. Approved by or conforms to: AMS 1550A, Douglas CSD #1, Boeing D6

### USE

For cleaning aircraft interior surfaces, use as received, or mix 1 part of **Astromat IC** with 1 part water. Apply to surface being cleaned with a rag or window-cleaning bottle (spray-type). Pick up loosened dirt on a clean, dry rag. No other rinse is necessary. This procedure is used on hard, nonporous surfaces, such as metal, wood, and vinyl plastic.

For cleaning upholstery, rugs, and other soft surfaces, mix 1 part **Astromat IC** with 1 part water. Wet a fiber-bristle brush well with solution and agitate the surface vigorously to generate foam. Pick up foam on a clean, dry rag. Normally, this procedure is conducted in such a manner that the fabric surface is wet as little as possible. **Astromat IC** may be used to remove heavy soiled spots on carpets.

For ease of pick up of residues from glass, mirrors or glossy surfaces dilute **Astromat IC** with up to 10 parts water.
