ELDORADO ASTROSOL ORANGE

HIGH-PERFORMANCE CLEANER AND DEGREASER

ELDORADO ASTROSOL ORANGE is a powerful terpene-containing degreaser/cleaner. It is safe on painted and nonpainted surfaces, ferrous and nonferrous metals, polyimide wiring and Plexiglas™. There are no petroleum solvents in *Astrosol Orange*, and the surfactants and solvents readily biodegrade in the environment. It is exceptionally appropriate in cleaning difficult-to-reach areas on aircraft and other large metal structures.

PROPERTIES

1. Safe on all metals.
2. Contains terpenes with pleasant citrus odor.
3. Powerful cleaner, particularly on greasy soils.
4. Safe on both paint and Plexiglas™.
5. Safe on polyimide wire coverings.
6. Does not cause hydrogen embrittlement of high-strength steels.
7. Surfactants and solvents are rapidly biodegradable.
8. Approved by or conforms to: MIL-PRF-87937, Type I.

USE

Astrosol Orange is designed for those tough jobs where increased cleaning strength and/or contact time may be substituted for scrubbing. It is ideal for areas such as wheel wells, where a 1:2 dilution with water readily cleans the grimeiest enclosure. Routine cleaning of typical soiled structures uses a 1:8 dilution.

Apply *Astrosol Orange* with a mop, brush, spray wand, or foam generator. Allow it to remain on the surface for 30 minutes, and then rinse the surface with water. Recommended routine use is 1:8 dilution with water. A light-duty degreaser/cleaner may be created, using a 1:20 dilution of *Astrosol Orange*.

PRECAUTIONS

Avoid contact with skin, eyes, and use rubber clothing and face shields. Use with adequate ventilation. In case of accidental contact with eyes, flush with water and contact physician.
