

## PRODUCT BULLETIN

# **ELDORADO DLT-600 RTU**

## AIRCRAFT CLEANER

**DLT-600 RTU** is a versatile cleaner for cleaning the exterior and interiors of aircraft. It may be used full strength or diluted with water to fit the cleaning requirement. **DLT-600 RTU** was developed to meet the most stringent disposal standards in the market today. It has excellent oil-water separation properties, which allows it to break more efficiently in waste disposal systems. **DLT-600 RTU** was developed for use on any surface where water may be used.

### PROPERTIES

1. Concentrated, versatile cleaner.
2. Safe on Plexiglas™, paint, and metal surfaces.
3. Nonflammable; no vapor toxicity.
4. Safe on aluminum, magnesium, ferrous alloys, and high-strength steel.
5. Non-toxic and biodegradable
6. Application Equipment: Foam, Spray, Pressure Washer Hot, Cold or Steam
7. Approved by or conforms to: Boeing D6-17487N, AMS 1550B

### USE

For spot cleaning the interior or exterior of aircraft: foam, spray, mop or brush the cleaning solution on the soils to be removed, agitate and wipe with a clean dry cloth or mop. Cleaned surface will be non-sticky and residue free.

**DLT-600 RTU** comes ready to use (neat) or may be diluted with up to 10 parts water, depending on the soils to be removed. Apply the desired cleaning solution by foam, spray, mop or brush. Agitate the surface being cleaned with a cloth, mop, pad or brush if necessary. Do not allow the cleaning solution to dry on the surface being cleaned. Rinse thoroughly with water for a clean streak free surface.

**DLT-600 RTU** is designed for wet washing, spot cleaning, ground support equipment, support shops, machinery, floors and walls.

### PRECAUTIONS

Information on the effects of **DLT-600 RTU** is included on the Material Safety Data Sheet (MSDS), which is available by request.
