ELODRADO PT-162 TABLET **DEACTANT TOILET DEOCORANT©**

Eldorado PT-162 is a heavy-duty, reactant-type deodorant and reodorant for use in toilets where maximum chemical and bacterial odor control is required. PT-162 Tablet is scientifically designed for use in aircraft buses trains, RVs, and mobile home toilets, to control corrosion, chemical odors, and bacterial odors. It is also specifically designed for use where longtime intervals are required between recharging toilet solutions. The tablet is compatible with PT-162 (Liquid) and solutions of formaldehyde or quaternary ammonium compounds, and its is an excellent preflight or in-flight or compound to control odors.

PROPERTIES

1. Convenient tablet with cleaning power to reduce toilet maintenance cost.
2. Buffered alkalinity and corrosion inhibitors to reduce corrosion.
3. Nonflammable.
4. Deactivates and neutralizes, rather than masks odors.
5. Produces a long-lasting, pleasant fragrance.
6. Biodegradable.
7. Contains no heavy metals, phenols, or chlorides.
8. Contains no formaldehyde's or corrosive quaternary ammonium compounds.

USE

PT- 162 Tablet is an intensely blue deactant deodorant tablet that can be added to water solutions or directly into a solution-charged toilet. One (1) tablet will treat a minimum of 6 gallons of water. This will produce a light-blue color and will provide odor control for a minimum of 3 hours for heavy usage, and longer periods for lighter usage. Additional tablets may be required for longer durations. The blue color may be used as a guide for controlling odors - when blue color fades or changes color, add additional PT-162 Tablets to maintain the odor.

PRECAUTIONS

Do not take internally. Avoid skin contact. Wash with soap and water in case of skin contact. Use within 6 months from date of manufacture.
